MR. AND MRS. S. N. MEYERS have removed to their residence on Court street.

THE stakes won by the owners of the lucky animals at the Louisville races amounted to \$37,870.

AYER'S Sarsaparilla has such concentrated, curative power, that it is by far the best, cheapest, and surest blood purifier known.

FOR SALE.—Carriages and buggies, cheap, at F. Dieterich & Sons'. Bound to sell. Prices to suit the times. All work warranted.

MR. WM. T. SYDNOR, of North Middletown, has his trotter, D. C. S., in training on our race track. D. C. S., has a record already of 4:23, and will likely be heard from hereafter.

MR. AND MRS. WILLIAM SHEPARD celebrated their tin wedding Tuesday. They were kindly remembered by their many friends, and are extremely grateful for the many nice presents received.

HAUCK'S Reed and Brass Band comes to the front again. They have been engaged by the Young Men's Kentucky Fair Company to furnish music for the next meeting, which begins on the 18th of August.

THE gross receipts of the bazar and dance given by Hunt's Reed & Cornet Band last week were \$150.51 instead of \$116.51, as we were informed yesterday. The boys netted the latter sum from the entertainment.

A WASHINGTON, D. C., special says: "Little Phil" Thompson is playing in luck. He engineered Mr. Huntington's big railroad bill through Congress and then turned round and "raked in \$850 on the Latonia races."

THE corps of engineers that has been engaged in retracing the line of the Maysville and Big Sandy Railroad between this city and Augusta finished the work yesterday and returned here on the steamer Telegraph, last night.

REV. H. B. TAYLOR and family will, it is stated, remove to Falmouth, Ky., at an early day, where Mr. Taylor will accept a position in a bank. Their removal will be sincerely regretted by the host of friends they can number among our citizens.

MISS EMMA AND LENA MEANS entertained a few of their friends last evening in honor of Mr. Ed. Nesbitt, of Owensville. The guests had a delightful time, and will remember the occasion as one of the most pleasant they have enjoyed this season.

BALDNESS may be avoided by the use of Hall's Hair Renewer, which prevents the falling out of the hair, and stimulates it to renewed growth and luxuriance. It also restores faded or gray hair to its original dark color, and radically cures nearly every disease of the scalp.

THE "India rubber boy" from Hatton, Shelby County, called in to see us a few days ago. He is ten years old, about three feet high, and has short bow-legs. He puts his hat on with his left foot and scratches his eyebrow with his toe. He can lock his hands and swing his arms in a circle—in fact can almost turn inside out without personal inconvenience.—Frankfort Capital.

WE acknowledge the receipt of a copy of "From Highland Hills to an Emperor's Tomb," a work of 350 pages lately issued by Robert Clarke & Co., of Cincinnati. The author, Hon. Charles H. Collins, is a resident of Hillsboro, O., and has traveled quite extensively in the past years of his life. The book contains a description of these travels, enriched with choice selections in prose and poetry from other authors. Parties desiring a copy should write the publishers.

Parties who contemplate spending a few days out of town should avail themselves of this opportunity and these low rates.

City Prosecutor.

For years past the Mayor of this city has been acting in a dual capacity in the trial of nearly all cases brought before him for a hearing—that of Judge and Prosecutor. This has not been done from choice, but from the simple fact that the charter of the city did not make any other provision. No Judge, who is to pass upon the facts in a case, cares to act as Prosecutor; most any official would have a delicacy in doing so. It is not thought of in the higher courts, and it should not prevail in courts of less jurisdiction. In view of these facts, an amendment was passed by the last legislature to remedy the defect in our charter. It provides for a "City Prosecutor" to be appointed annually by the Mayor, subject to the approval of the Board of Councilmen. The salary is fixed at \$150, and in addition to this, the Prosecutor, where he personally appears and prosecutes, is to receive a sum equivalent to 20 per cent of the fine, to be taxed as costs against the defendant. The act is a good one, and will undoubtedly result in a closer observance of the laws. Mayor Pearce will make the appointment at the council meeting this evening. Following is the bill in full:

CHAPTER 1, 282.
AN Act to amend the charter of the City of Maysville.
Be it enacted by the General Assembly of the Commonwealth of Kentucky.

SECTION 1. That an act entitled an act to amend the charter of the City of Maysville, approved April the twenty-second, eighteen hundred and eighty-six, be and the same is hereby repealed.

SECTION 2. That in lieu of said act is now enacted: First, That there shall be for the City of Maysville an officer to be styled the City Prosecutor, who shall be appointed annually by the Mayor, but such appointment shall be subject to approval by the Board of Councilmen of said city. Second, That the City Prosecutor shall hold his office for the term of one year, or until his successor shall have been duly qualified, unless sooner removed by the Board of Councilmen in the exercise of the right hereby granted it to remove him for lawful cause.

Third, That the City Prosecutor shall appear at the trial of, and prosecute all offenders against the law. Fourth, That the City Prosecutor shall receive for his services a just compensation, which shall be a salary not to exceed one hundred and fifty dollars per annum to be paid out of the city levy, and in addition thereto a sum equivalent to twenty per cent of the fine assessed in cases in which he has personally appeared and prosecuted, which said sum shall be taxed as costs against the defendant therein. Fifth, That no one shall be eligible to the office of City Prosecutor who has not been two years a practicing attorney and a resident citizen of Maysville. Sixth, That this act shall take effect from and after its passage.

Revenue Collections.

We give below the collections made by General J. F. Robinson, Collector for this district, during the month of May; also the collections made since June 8, 1885, when he took charge of the office. He makes a remarkable showing, having collected more than \$500,000 in excess of the collections made by his predecessor in office during the same time in the preceding year. The following are the collections:

Death of Charles G. Nute at Orlando Florida.

The South Florida Sentinel, of Orlando, of the 26th ult. says: "Mr. Charles G. Nute died at the residence of his son-in-law and daughter, Colonel and Mrs. W. R. Anno, near Pine Castle, at noon Monday, of paralysis. Mr. Nute was stricken with the fatal disease Thursday evening while at the tea table and continued to grow worse until death ensued on Monday. Mr. Nute was seventy-five years and sixteen days old. He came here from Kentucky five years ago on the death of his wife, since which time he has lived with Col. Anno and wife. The deceased was a splendid gentleman, of fine intellect and was highly esteemed by all who knew him. The family has the sincere sympathy of all their friends in their sore bereavement."

An Outsider's Opinion of Our Railroad.

The Bourbon News, of a recent date, in speaking of the Maysville and Big Sandy Railroad, says: "True, the road will help Maysville, but it will help the county more than it will the city. One thing is certain, it can not pool issues with the river and the river will hold it down to non-discriminating business." We commend the above to the people of the county, who are everlastingly harping about that this road will benefit Maysville more than the county and hence that Maysville ought to pay the \$50,000 subscription. The above is the opinion of a disinterested party and is certainly entitled to consideration. If it could be so arranged that our city could get all the benefits resulting from the construction of the road she, no doubt, would make the subscription very willingly, but this can not be. The county will receive the lion's share of the benefits, and should vote the paltry amount asked for.

Masonic Mutual Benefit Association.

The sixteenth annual meeting of the Masonic Mutual Benefit Association of this city was held yesterday in the council chamber. The attendance was not over the average. The principal business before the meeting was hearing the reports of its Secretary and Treasurer, and the election of officers for the ensuing year. The report of Secretary W. H. Holmes shows the following:

A REMARKABLE case was decided in a Louisville court last week. An old man named Froham owned about fifty thousand dollars worth of property. He married a young woman, but after a short time he sued for a divorce on the ground of adultery. The divorce was granted. A few months later he died, leaving a will which gave his estate to relatives. Precisely nine months after his death his divorced wife gave birth to a child. The mother and child then brought suit for the property on the ground that he did not provide in the will for the child, and therefore the will was invalid. The court decided in favor of the mother and child. The Judge remarked, while delivering the opinion, that the evidence was against the child but the law was for it.—Exchange.

Stand by Those Who Have Done Good For All.

We commend the following, taken from the Greenup Gazette, to the consideration of the citizens of this county: "The public-spirited citizens, of Maysville, who have thus made the building of the road possible deserve the highest praise. The bond is ample—it would be difficult to get a better one. We are sure the benefits of the road, when built, will more than compensate for the labor those people have performed to secure it."

The Maysville people have worked nobly, hard and long in this matter, and have at last secured the prize; and we, as well as they, are the beneficiaries by getting the road. We are all for the railroad, and it is quite certain from numerous communications and interviews with Mr. H. that his company would not have agreed to build it on this side of the river had it not been for the guarantee given by the good people of Maysville—bless them!

Let us stand by those who have done a general good for us all, when we could not or would not do it ourselves.

Cure for Piles.

Piles are frequently preceded by a sense of weight in the back, loins and lower part of the abdomen, causing the patient to suppose he has some affection of the kidneys or neighboring organs. At times, symptoms of indigestion are present, as flatulency, uneasiness of the stomach, etc. A moisture, like perspiration, producing a very disagreeable itching after getting warm, is a common attendant. Blind, bleeding and itching piles yield at once to the application of Dr. Bosanko's Pile Remedy, which acts directly upon the parts affected, absorbing the tumors, allaying the intense itching, and affecting a permanent cure. Price 50 cents. Address the Dr. Bosanko Medicine Co., Piqua, O. Sold by Geo. T. Wood.
